

Dr. S. K. Singh, Director, B.I.T. Sindri

Dear Sir,

On behalf of 1982 Batch Alumni I am pleased to convey our batch-mates' deep appreciation and Big Thanks for the hospitality provided to us for celebrating our Silver Jubilee Reunion during Jan 6-8, 2012 in a never anticipated memorable way. Whoever attended the meet and their family members are still reliving those memorable days and don't stop expressing his/her emotions on social media and personal interactions. The bondage with the Alma Mater and each other was so strong we were having great difficulty stopping our tears while departing from the campus.

We are grateful to you for offering your full support from the time we approached you with our proposal till the conclusion of the Reunion. We were pleased to find the campus, infrastructure and its recent achievements much better than what it was in our days and most of this has been achieved under your leadership. Please convey our thanks to the students, faculty, staff and their family for participating and providing their help and support.

Special thanks to Dr. G Kumar for helping us every time we got stuck and for arranging Food Packets for each departing alumni. Also our special thanks to Ms. Sweta who visited the campus with her husband during the event and handed us mementos on behalf of BITSAA.

I am sure in coming months and years our Batch will try to continue efforts to keep connected with Alma Mater and contribute in whatever way each of us can.

May please do the needful to spread our feelings to entire Alumni fraternity so that the 3 D/2 N Silver Jubilee Reunion is held in the campus every year by the respective batches.

With Regards,

Anil Kumar Gupta, 1982 Batch Civil
