Dear SPOCs,

We are very excited to share that Enrolment for the Jul-Dec 2021 semester will be open by the first week of May 2021. This will be the right time to connect with faculty and students and tell them about NPTEL and all our latest initiatives. In this context, we are planning to have awareness e-workshops from May 2021 onwards, where we will be focusing on specific topics.

Such an E-workshop is scheduled on May 19 & May 21, which will be conducted in association with couple of colleges.

During the workshop, we will be talking about:

- NPTEL
- NPTEL Online certification courses
- the concept of Local Chapters as a way to partner with NPTEL
- Domain Certification
- FDP
- how faculty can help students choose the right courses
- Mentoring
- which courses are available for students to choose from
- combination of courses that they can try
- Job oriented courses
- Soft skills workshops
- Domain Certification
- NPTEL Stars
